Love Is A Cross

Soft promises are easy to make

Few lines few words that's all it takes

I wandered through the sands of time

Till I found a love that was really mine

Love is a cross Life laid down for us

No greater love has a man

For sure

Love is that cross

Taking our pain

Relieving our shame

Giving up all he had he came

Now I know

Love is a cross

I pondered why I could never find one

Till I found the best of love in God's own

Because he heard our deepest cry

He came to die for you and I

God loved the world so much he gave his son

Redeeming life and glory has been won

Get Around

Not a penny in my pocket now

But my mind and soul are free

And I will get through I don't know how

What's meant to be is meant to be

Yet I'm living in uncertain plans

Doing just the best I can

I get around

Summer breezes stroke my face

With a gentle melody

I feel the warmth of its embrace

Like the motion of the sea

Yet I'm living in uncertain plans

Doing everything I can

I get around

All alone, I'm taking my chances

Moving on with my destiny

I'm gonna make it to the end

Being just the best that I can be

No matter what life ever sends

Best Moment in Your Life

I thought about her as I mowed the lawn today

Such a beautiful person, what more can I say

Now she's truly free

It's what was meant to be

Wondered bout myself, was I doing alright

Worried I was missing some moment of light

Then God revealed to me

A certain mystery

CHO

He said

This is the best moment of your life today

The sun shines down, you know that you can pray

For me eternity, in every second I see

You know

This is the best moment of your life right now

You know you can't credit it, forget about how

Just let it be the best moment in your life

Vs 2

It's not about waiting till your dreams I fulfil

And not about wondering wha'ts over the next hill

Broken Cracker

Look at me so incomplete
Yet I seem to stand on my two feet
Cracks loom through
All on display
See the hurt see the pain
How do I survive each day

Good memories so clear I see
Yet none of them bring me relief
Thinking through can understand
What I've been what I am
He saw all in his master plan

A broken cracker in God's hand
Held together through life's span
Looking from outside you'd feel
Circle was complete
I'm broken yet by grace I see
Brokenness is part of me
I wouldn't change it if I could

Carry You

Carry you(I'll carry you) till the storm is past
Carry you(I'll carry you) promise it won't last
Carry you(I'll carry you) In your night of pain
Walk with me, I'll carry you again.

I sat in a muddy place
I kept my ground
Enemy was prowling all around
I walked in a desert space
I kept my dream
Remembering what you had said to me

Terrors all around me
Battle scars I show
But since you have found me
There's a peace I know

Carry you, I promise it won't last
Carry you, in your night of pain

Every Letter

Every letter every page

Every minute and every age

Each temptation and every care

Every person everywhere

Is written on the hand

Of the one who made the land

Every trial and every fear

Every burden he will share

Of the ones that he has called

To be a part of his great fold

I know who holds the threads

And I know who paints the picture

I know he knows my name

And the purpose he has planned

To make me part of his great kingdom

Create me perfect in his way

And though the fig tree may not blossom

I'll put my trust in him each day

Funny Ain't it

Woke up this morning. Jumped out of my bed

No need to worry, I knew I'd be fed

Turn on the shower, then wait for my ride

In bout an hour, I'll be safe inside

Thousand miles from me, she's going to sleep.

Hungry as could be, how long can she keep.

Watching and waiting, the tears fill her eyes

Nobody answers. It's not a surprise

It's such a crazy world yeah yeah

Crazy world. Funny aint it.

Millions have plenty, but whine and complain

Others lie empty, yet smile through their pain

What makes the difference

It's where you were born.

No one has real choice, take what comes along.

Glorify Yourself

Lord glorify yourself in me

Jesus I am yours

I know you are mine

May the power of your kingdom be

Shown in majesty divine

Impossible Dream

It was an impossible dream, I don't really know what it means
How could I stray so far from my perceptions
Hoping it's here to stay never to float away
True love can mean unusual reaction

Met along the pathway just a stranger in the crowd
Cause I was taking a byway when a voice spoke out loud
Wasn't trying to meet him, had my life plan settled out
Sometimes it seems mysterious voices shout

Never giving up, never holding out, want to be the one to stay
Never giving up, never holding out, want to shine through every day

Wish it was a fairy tale cause I know how they turn out
Princess gets her dream date, ever after no more doubt
Well I kinda know that, real life doesn't fit that dream
We fight, we hate, it sometimes ends in screams

Love Letter

You have never thrown me out
You have never walked away
You care for me, of that there's no doubt
Now all I want is for you to stay.

Other loves gonna let me down
Sometimes with harsh words to say
Never even seen you frown
And all I want is for you to stay

Cause your my love letter
Written in my heart
Love letter, you've been there from the start.
Love letter written in times mist
Love letter to me.
Perfect love letter scribed with crown of thorns
Written in your blood
Syntax eternal
Love letter to me

My Prayer

Bless the Lord oh my soul

And all my inmost being

Praise his holy name

And forget not his deeds

Who forgives all my sins

Heals my disease

Far as the east is from the west

My transgressions are deemed

Great is his love for those who fear

His promises he gives

For he knows how we are formed

Remembers we are dust

Like a flower in the field

Wind blows and it is gone

The Lord looks with love

On all who keep his word

Praise the Lord oh my soul(3)

Psalm 47

Clap your hands all you nations

Shout to God with cries of joy

Awesome is the Lord most high

Great king over all the earth

Sing praise to God sing praise

sing praise sing praise

Sing praise to God sing praise

Sing praises to the king

Awesome is the Lord most high

Nations fall beneath his throne

Chosen us to be his own

People who he loves

Ascending amid shouts of joy

Trumpets sound to him alone

Praises to our God most high

King over all the earth

God great God of Abraham

Sing to him a psalm of praise

Seated on his holy throne

Call him to atone

Speak to me

Speak to me I'm coming back I have a hunger

Speak to me I'm searching for where to belong

Speak to me I can't hold on not any longer

Speak to me now I am weak, then I'll be strong

Speak to me I'm coming back I have a hunger

Speak to me I'm searching for where to belong

Speak to me I can't hold on not any longer

Speak to me now I am weak, then I'll be strong

As the deer pants for the water

So my soul it thirsts for you

all my heart is reaching after

The God who makes all things anew

Deep to deep you search much further

No place to go or hide away

Feel the light shine of the master

Calling me back home again

Unlimited Love

CHO

Love that never ends

Happiness in friends

Places safe and strong in which to be

Faith that won't run out

Care I cannot doubt

You give me a love that never ends

Yeah yeah yeah yeah

Ah ha, yes you do

This side of you I see

So precious and so free

A promise given me that will not bend

When I break down you lift me high

You never let me cry

Unlimited in all you do, my friend

CHO

You bring me love that never ends

Happiness in friends

Wouldn't Be Christmas

Season fine, it's Christmas time

And hope springs up again

Remembering all,

I can recall the play.

A dream of bliss, mysterious gifts

The three kings and the hay

A baby born to make things right again

And it wouldn't be Christmas without you

All the lights up in the tree, I'd still be blue.

Oh baby born, to bring to me

A love that's good and true

You know it wouldn't be Christmas without you

True love's divine, yet at this time

So many feel the strain

Our minds are grown, we cannot keep the faith

Faith is like a little child, just waiting for the day

The babe returns, to make us whole again

Oh oh don't forget to say

Love So Amazing

Love so amazing

So free and so true

Flows from the Father

To me and to you

Eternally seeking

And searching to find

The lost and the lonely

In all of mankind

I thank you Father

I cling to the Cross

Cause loving you Jesus

Means I suffer no loss

Your Holy Spirit

Within me anew

Making me holy

Special to you

Love so amazing

Reached down from on high

In mortal fashion

So he could try
To show us how different
Our life's gonna be
When he returns and
His glory we see

The Blood Covers Me

The Blood covers me

The Blood, it covers me

Rivers from the throne of grace

Promises so deep

Cover me in every space

His blessed one to keep

Angels watch me when I pray

Cherubs when I sleep

The Blood it covers me

Levels paths before my way

Brings me perfect peace

Will not let me go astray

Never let me cease

So here I stand in you oh Lord

Wherever you may lead

The Blood it covers me

Seasons come, seasons go

Seasons bitter sweet

Shelter for the weary soul

Shelter from the heat

Beautiful In His Eyes

Beautiful in his eyes I am beautiful in his eyes

Such words caught me by surprise

To think I am beautiful

Beautiful in his eyes

You are beautiful in God's eyes

Don't listen to no lies

Cause you are beautiful

World tells us we're all wrong

Shape size colour of skin

Putting us down every day

Saying you have to do it my way

Things you need to change since you lack

What it takes to make a really great pack

But he knows he made you this way

So God's got a different thing to say

Some may mock and some laugh

But he sees great things under that hat

They say you are not the one

He says so beautiful I sent my son

Physical things will all pass

Only what's done for him will last

If you wake up with a bad hair day

Hang on to these words I say

When I Survey _ Wondrous Cross

When I survey
The wondrous Cross
On which the prince
Of glory died
My richest gain
I count but loss
And pour contempt
On all my pride
Forbid it Lord
That I should boast
Save in the death
Of Christ my God
All the vain things
That charm me most
I sacrifice them to his blood

Wondrous Cross
Wondrous Cross
Glorious
Jesus, you are my glorious

Were the whole realm
Of nature mine
That were an offering
Far too small

Love so amazing

So divine

Demands my soul

My life, my all

Pass Me Not

Some days I feel so far away
From God's love deep inside
Temptations made a fool of me
And broken down my pride
Sometimes I feel so lost within
The pain and suffering
Have to take a moment now and then and say

And I say
Pass me not oh gentle Saviour
Hear my humble cry
While on others thou art calling
Do not pass me by

My blessed Saviour
Saviour
Hear my humble cry
While on others thou art calling
Do not pass me by
Thou, thou art the spring
Of all my comfort
Thou art more than life to me
Whom have I on earth beside thee
Whom in heaven but thee

BEGINNING NOT END

It's a beginning not the end
Though you think you've lost a friend
Though your heart is sinking low
Feel there's nowhere else to go
Keep this in mind
For those who die in Christ
Death is but a beginning not the end

One day we'll be singing glory
(singing glory to his name)
One day we'll be shouting praise
(shouting praise)
When the saints of God will gather
With everyone in Jesus raised

Cho x 1

Let everyone know - Death is but a beginning not the end
We'll see them again - Death is but a beginning not the end
No we'll never end - Death is but a beginning not the end
With Jesus our friend - Death is but a beginning not the end

LAY ME DOWN

Lay me down at your feet

Till in heaven we meet say amen

Lay me down by your side

In your strength I'll abide say amen

May I stand at your cross, see your victory for us

May your love lead me on, cause in you I am strong

Lay me down at your feet, till in heaven we meet

Say amen

Draw me near to the place

Where I will receive grace say amen

As I look t the prize,

so may I realise say amen

That the glory to come will surpass every one

Of my treasures so dear, that I hold on to here

Draw me near to the place where I will receive grace

Say amen

Bring me down to my knees

Until Jesus I please say amen

May your throne be the goal

For my forgiven soul say amen

I will always rejoice

For Lord this is my choice

That your will I'll obey

And now Lord hear me say

Lay me down every night

In your love to sleep tight

Say amen

On The Cross

It was there that he came and he gave his life
The son of God he was crucified on the cross

It was there as he hung till he was maimed
The son of God dying for my shame
On the cross

It was there all our sins were blown away
and we were free to live again through thre cross
It was there as he breathed out it is done
That he gave freedom to everyone

And the burden of life's pain
Was laid on him the king
All sorrow and all loss
Defeated on the cross

Now in heaven he lives and he pleads our case
The victory won by his sacrifice on the cross
He will lead us again to his throne on high
Our names written down in the book of life
By the cross

Sing glory to the lamb
Sing glory to the son
Sing glory to the king

He gave his life for everyone

Not Guilty

Not guilty Pilate sighed

Not guilty heaven cried

Yet they hung him there between two thieves

The man of glory

He took our sin and shame

He took our price for pain

The humble Lord yet the one who rules us all

What is truth Pilate asked

With this he went out again and said to the Jews

I find no fault with this man

He is your responsibility

And his mother closed her eyes

As the spear went in his side

Her humble son so pure, so innocent

She'd never felt such pain

Felt she'd never smile again

The one she loved the best

Was crucified

Yet he was wounded for our transgressions

He was bruised for our iniquities

And the punishment that brought us peace was upon him

We all like sheep have gone astray

Each of us has turned to his own way

And the Lord has laid on him

The iniquity of us all

Grace Alone

It's your grace, your grace alone
That covers me.

Days of cheer, days of peace
All is clear, and all is bliss
There are times I'm really happy
And I know I'm always free
Cause it's your grace, your grace alone that covers me.

Grace alone(x6)

Darker days, may creep here
Bringing grief, and bringing fear
There are days of only trouble
Yet I know I'm always free
Cause its your grace, your grace alone
That covers me

Grace alone(x6)

Built on rock, not sinking sand
Jesus leads, me by the hand
There are days of jubilation

But strife and fears will never cease

So let it be grace, your grace alone

That covers me

It's your grace, Your grace alone that covers me

Grace alone

Stormy seas

Joy and peace

Never cease

Grace alone

Always there

Bringing calm

In every fear

Grace Alone

never fails

Always there

Grace Alone

From the cross

Grace alone

GREATEST WAR

Millions gave lives in wars
Fighting for their race
Their hope to make this world
A better place

One man he gave his life
To conquer sin and death
To bring each one to the throne of grace

And this was Jesus,
God's own son
Gave his life to make us one
With the Father God
He came for you and me

Yes this Jesus he who died
Heaven's gates to open wide
The greatest war was won
That day on calvary

Did He Think

Did he think about the way he would come and die

Before he left his glory in the sky

Did he think about it at all

Did he wonder what it would be like to feel the lash

The thirty nine stripes laid on his back

Did he think about it at all

Though he knew that when he'd healed the sick and touched those in pain

His greatest sacrifice would only bring him shame

We'd strip him and we'd raise him on a cross on high

And leave him there to die

Did he ask the Father 'why' when he told the plan

The way to bring salvation down to man

Did he ever regret at all

Think of all the wonder that he'd leave, the power, the fame

To come down to this world and die in pain

Did he have second thought at all

Though he knew that when he'd raised the dead and helped mankind

The lost found hope, the lame could walk and healed the blind

Some would not believe and say it was a lie

He never came and died

When the burdens of this world get too much to share
When loving those who hate me I cannot bear
Then I think about him, my Lord

Think of all he left how he, gave it up for me
So I could be safe and I could be free
Yes I think about it and go on
Cause if he could leave the heavens just to give me hope
Then in my darkest hour I know that I can cope
Can do what's right the times I feel too high the cost
Can go and save the lost
For Jesus

Signs Of The Times

He is my son

Carried nine months long

I taught him right from wrong

Now they say that he's gone wrong, my beautiful son

He is my son

He's my baby always

Would protect him each day

They all tell me he carried and gun

Can't believe it my son

He is my son

Now they say he's gone wrong

Killed somebody on a whim

Now a mother's heart's forlorn by the hand of my son

He is my son

I can't believe what they say

Guess he thought it was still play

Cant believe that he's gone wrong

My baby son

Didn't you tell him life was rough

Didnt you tell him life was tough

Did you think that he was strong
Would say no to what was wrong
Did you ever see the struggles he had

Didn't you know he wore a mask
Every time that you would ask
So you wouldn't see his ways
Shield his face from your gaze
Now everything's out in the open

Desperation

In desperation, desperation, desperation yeah

They all reached out and touched the Lord

And had life that never ends.

And I was running out of time

The bleeding had taken it's toll

But I put out my hand and touched his robe

And my life came flooding back

And I, I could see no light

Had never seen the sun

But I called out when I heard his voice

And the light came flooding in

In desperation, desperation, desperation yeah

She reached out and touched his robe

And had life restored again

And I, could never walk alone

Was carried here and there

Yet I stood up when he spoke the word

And my legs were strong again

And I, I had no life

I was cold and already dead
Yet he called out and I heard his voice
And my life began again
In desperation, desperation, desperation, yeah
They all reached out and touched the Lord
Got a life that never ends

And I, felt I needed life
I knew I needed a friend
So I reached out and touched in faith
Got a life that never ends

Yes I, knew I needed Christ
I knew I needed a friend
So I reached out and touched in faith
Got a life that never ends

In desperation desperation desperation yeah
We all reached out and touched the Lord
Got a life that never ends

Can You Believe It

Can you believe it

He came and died for you

Can you believe it

He gave his life for you

Can you believe it

He threw heaven away

Can you believe it

So you could be there some day

A love like this has never been found

No one on earth

Nowhere in mankind

That one would give everything away

To bring the world to him in one day

Can you believe it

He went unto the cross

Can you believe it

He took all pain for us

Can you believe it

He saved a thief that day

Can you believe it

Even in his own great pain

A love like this so great and true
Comes only one to me and you
A love like this will always stay

He came down to a cross
He was beaten for us

He went down into hell
To save those there as well

Sweetest Song

There is just no way

I could love you more than the grace

Grace poured out for me

That day on calvary

I could sing the sweetest song

I could give all I possess

Could deliver up my body to be burnt

I could roam the world in rags

I could put up with all shame

I never could surpass the gift you gave

You gave me love

A love that never ends.

And I know

Know you care for me

So I do my best but there's naught

I could ever do

To justify your pain

If I give all that I have

To tell the world of your great love

It's just a speck of dust compared to what you gave

You gave up the universe

Just to reach my lonely soul

There's nothing left that I could ever do

I'll just praise you Lord

I kneel and say Thank you

I could sing the sweetest song

I could give all I possess

Could deliver up my body to be burnt

I could walk upon the seas

Reach out to mankind

I never could surpass the gift you gave

You gave me love

A love that never ends.

Pull Me In

Stranded in the sea of life

I asked the Lord to pull me in

Sinking in a sea of strife

I asked the Lord to pull me in

Seeking for a better life

I asked the Lord to pull me in

Searching for some truth inside

I asked the Lord to pull me in

I found the Lord found peace inside

His spirit's love fills me within

My name's written down in the book of Life

His precious blood has pulled me in

I asked the Lord and he pulled me in

Before

Before the Garden of Eden

You had a plan

Before Satan stole my peace

You were in command

Before I stumbled and I fell

You had picked me up

Before I said “please God”

You said it is done

For unto us a child is born

Unto us a son is given

The government, my life on his shoulder

And this babe will lead the way

His Spirit helps me pray

Mighty God, Father

Peace of peace

Before your life got busy

He was prepared

Before the world had beat you up

He really cared

Before all your confusion

He made all things clear

Before you needed Jesus he was there

Christ's Mass

Christmas times a coming
Almost hear the sleigh trail humming
Loaded up with presents just for me
Remembering a manger
With a little baby stranger
Greatest gift unwrapped eternally

Hear hosanna ringing
Hear the choir singing
Hear creation's song of victory
Glory hallelujah
To our living saviour
Christ's mass brings God's gift of love so free

Full of fun and laughter
Echoes of hereafter
Fellowship with one and all we'll see
There'll be no more anger
Child lead lion without danger
Peace and love on earth for all will be

New life so free

With love from him to me

Given by the king of majesty

New life so free

God's gift remarkably

Christ's mass brings God's gift of love to me

Road Ends

It suddenly hit me

Like a shot in the head

I finally discovered

All the truth that he said

I'm tired of trying

To figure it all out

I'm planning on trusting

Till you bring it about

End of the road for me

Need to walk on in your victory

All of my struggles

I'll bring to an end

Need to hold on

To my very best friend

End of the road for me

I don't need to worry

Try to run on ahead

I'll just sit here quiet

And believe what you said

Told me to trust you

Said you'd make all things right

Told me to cling to you

In the darkest of nights
